

Eligibility Determination

Documentation of Evaluation Results

Name of Student:

Date:

Complete after an initial evaluation, reevaluation or review of an independent or outside evaluation.

Reason for Referral

Considering all available evaluation data, record the TEAM'S analysis, as discussed at this conference, of the student's functioning levels. Evaluation data can include: aptitude and achievement tests, parental input, teacher recommendations, physical condition, social and cultural background, and adaptive behavior. Describe the observed strengths and deficits in the student's functioning in the following domains:

Academic Performance
